## News sheet

### WAS Lectures

A reminder that, as Worthing Library shuts for refurbishment on November 1<sup>st</sup>, only our October Lecture will be held there.

From November onwards, we will be meeting in the Gordon Room, in the Town Hall.

Full details on the Lecture Programme leaflet.

### WAS Committee

Vicky Lillywhite and Jennie Williamson have been co-opted onto our Committee – this to be confirmed at our AGM next year.

We are very glad to welcome them.

### WAS Field Unit

Friday digging at Malthouse Field has finished for this year. Most of the trenches are to be back-filled, we hope to be able to return to trench 8 in 2020.

Hear all about our Finds and discoveries there at Connie's Lecture on October 8<sup>th</sup>.

### Enhancing Places, Inspiring Communities (EPIC)

WAS has been involved in field-walking on the site, south of Sompting, and Bob held a very successful Study Day for the team in the Barn.

Some interesting flints have been found – see photo – arrowhead on the right from EPIC, one on the left from Brinsbury.

## October – November 2019

### Slindon Stable Block Cleaning/Recording

Please feel free to join us cleaning the unrecorded part of the paved floor of the Stable Block on Saturday mornings 9.30-4.00pm. Please let Cheryl know when you are available - [hutchincheryl@hotmail.com](mailto:hutchincheryl@hotmail.com) – if you haven't already.

### **Saturday 5th October 2019 - 10.00am-3.30pm**

Bob Turner is holding a Section Drawing and Planning Course at Slindon Stableyard (where the Finds Sheds are based).

This is a chance to be hands-on with an archaeological dig recording. Archaeology is a destructive process so accurate recording is essential at all stages so at some future time we have a complete record of what was found and where.

We will look at, and have experience of recording, the floor of an excavation, and also how to record vertical sections using standard practice and recognised recording procedures. A must-do course for all archaeologists who want to progress beyond digging.

This is for members only and will cost £5. Tea and coffee will be available but please bring your own lunch.

If you are interested please contact Patricia Leming for further information:

#### **The Malthouse Field at Sompting –**

Investigation of Building Remains.

WAS has investigated the building remains in Sompting Paddocks which may be part of a malthouse and farm complex known to be on this site in the 17<sup>th</sup> Century.

Excavations have taken place over three years and a chalk-lined well and further flint walls have been found. Finds recovered include pre-historic flints and pottery from the late Neolithic to the present day. We present a review of the site in the landscape and findings to date.

#### **The Portable Antiquities Scheme.**

The PAS promotes best practice by finders, landowners, archaeologists and museums in the discovery, recording and conservation of finds made by the public. Carolina is the Finds Liaison Officer for Sussex and will talk about some of the recent finds recorded in our area. She may also bring along a selection of artefacts for handling at the end of the session.

#### [WAS Study Day 23<sup>rd</sup> November](#)

[Simon Stevens](#) 'The Archaeology of Death and Commemoration'

The study of human remains can be one of the most exciting and rewarding elements of archaeology, providing direct evidence of the condition (and indeed conditions) of our ancestors. Skeletal remains can harbour a variety of information ranging from gender and stature, to lifestyle and disease. In the exact opposite method of a modern doctor, the archaeologist may be able to see what was wrong with an individual and then work out the symptoms.

Perhaps a less recognised element of the study of death is the archaeological analysis of monuments associated with commemoration and remembrance. From Neolithic Tombs to Commonwealth war grave cemeteries, attitudes to the deceased can be literally set in stone. A wander around a country churchyard can reveal a surprising array of memorials and approaches to celebrating the deceased.

This study day will be held in Worthing Museum Education Room, Chapel Road, Worthing. It will start at 10 and finish at 4pm with a lunch break and coffee breaks throughout the day. The cost is £25 for WAS members and £30 for non-members.

**If you are interested please contact Patricia Leming: [p.leming@btinternet.com](mailto:p.leming@btinternet.com)**

#### [WAS SOCIAL](#)

Put this in your diaries – Friday November 22<sup>nd</sup> 7.30pm at the Gardeners' Arms in Sompting. Quizzes, a raffle, a buffet and good company. £10 a head – buy your ticket at Lectures, or from Liz.

#### [WAS Bursary](#)

WAS has a small amount of money available to Members who would like to extend their knowledge by going on Archaeological Courses/lectures, but might find it difficult to afford. This could be a contribution towards the costs of the Course, or a contribution towards

travel expenses. Recipients would be expected to pay a small contribution towards the costs and provide a report back for the Newsletter. Contact our Treasurer, Connie  
connieshirley1@aol.com

### GDPR

#### WAS Data Protection and Privacy Notice Update

The Society has updated its Privacy Notice (see the WAS website) to include ' WAS members' details are provided for Society business only and should not be used for other purposes without the explicit consent of individual members for that alternative purpose.'  
Safeguarding Policy - We now have a WAS Safeguarding Policy please refer to the website. If any of your details – address, post code, telephone number(s), email address, or Gift Aid option - have changed since you filled in the form last year, please would you let us know.
